

# COMPACT INTELLIGENCE FOR THE AI ERA

4.9L slim profile, silence you can work in.

DeskSlim is a 4.9-L, AI-ready workstation for business creators and technical users. Available in DeskSlim B760 (Intel®) and DeskSlim X600 (AMD), it supports ≤200 mm low-profile dual-slot GPUs. An external 240/330W adapter moves heat out, enabling 71 mm CPU coolers and quieter acoustics. Single-screw access speeds service. Energy Star 9.0 idle-ready. Ideal for AI inference, media acceleration, CAD/visualization, multi-display signage, and quiet business desktops.

## Only 4.9 L Compact Design

Ultra-small footprint that saves desk space.

## Quiet Operation (No PSU Fan)

External power adapter keeps noise levels ultra-low.

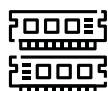

## Meets Energy Star 9.0 Standard

Designed for next-generation energy efficiency.

## VESA Mount Ready

Easily mounted behind a monitor or under a desk for flexible installation.

## Supports 4 × DDR5 Memory

Delivers high bandwidth for multi-tasking and creative workloads.

## Mini AI Workstation

Ideal for AI-enhanced productivity and edge computing tasks.
