

# AI-M2-00B

## KEY FEATURES

### [ASRock Industrial Exclusive]

- Support Remote Power On/Off/Scheduling
- Host's OS heartbeat to check device alive
- Remote Clear CMOS
- Remote HW monitor
- Support Serial over LAN
- 1x RJ45 port supports Intel® I210 Ethernet Connection via NC-SI
- 1 x Gigabit LAN
- BIOS Recovery

## SPECIFICATIONS

Form Factor	Customized
Function	Out-of-Band Management
Dimensions (W x L x H/mm)	30 x 60 x 10
Controller / Major IC	Embedded Microcontroller
Input Interface/Power	+3VSB RJ45 (MDI) PCIe x1 SPI
Output Interface/Power	Remote Power Control UART I2C SPI GPIO
Output connector	M.2 key-E 1 x RJ45
Operating Temperature	-20°C ~ 70°C (I210-AT) -40°C ~ 85°C (I210-IT)
Storage Temperature	-40°C ~ 85°C
