VESA Mount Kit for DeskMini 110
Installing the VESA Bracket (Optional)

1. Secure the VESA Bracket to the right side panel of the DeskMini 110 series by using the four screws.

2. Attach the other VESA Bracket to the rear of a compatible display using the four screws. *Choose mounting holes depending on the mounting hole pattern of your LCD screen (75 mm × 75 mm or 100 mm × 100 mm).

3. Mount the DeskMini 110 series by turning it counterclockwise.
